

# Sustainability Goals

# Montague Farms sustainability overview

## VISION:

**Profitable operations, healthy communities, thriving people, revitalised land & reduce impact**

## MISSION:

**To cultivate an efficient horticultural business, with industry leading environmental, and socially responsible practices**

# Support

## MISSION:

Montague Farms will support Australians in need providing them with food & education to help them thrive.

## RESULT:

# Healthy communities

## DESTINATION:

- Provide a million free meals per annum
- Educate 100,000 people per annum through nutrition & educational programs, communications and events.

# Respect

## MISSION:

Montague Farms will provide a respectful workplace that is safe, protects human rights, promotes growth and seeks out like minded suppliers.

## RESULT:

**Thriving people**

## DESTINATION:

- Actively promoting the adoption and maintenance of good ethical labour practices within Montague Farms and our partner pack houses
- Target zero workplace injuries
- Provide pathways to train & develop people to be the best they can be
- Actively building on a workplace that promotes equality, diversity and wellbeing.

# Nurture

## MISSION:

Montague Farms will respect and care for the planet.

## RESULT:

**Revitalised land**

## DESTINATION:

- Nurture our land through respectful soil management
- Nurture our land by considered chemical usage
- Nurture and encourage biodiversity by increasing reservation of land for conservation
- Nurture our land by optimising water use and recycling 100% of our water in manufacturing.

# EFFICIENT

## MISSION:

**Montague Farms will cultivate an eco-efficient horticultural business**

## RESULT:

**RESPONSIBLE  
PROFIT**

## DESTINATION:

- **Industry best practice production**
- **Reduce process and consumable waste**
- **Maximise yield, minimise inputs**
- **Expand low emission energy sources and reduce energy wastage**
- **Achieve net zero carbon emissions**
