■ Nectarine Classic

May Bright

Fruit Type: Yellow flesh, low-chill nectarine

Timing: -72, 9 days before Rose Diamond

Sizing: Large, 67mm

Brix: 12

Colour: Full, shiny, dark red with very little freckling

Breeders' comments: Heavy bloom density, showy blossom type, good crop, excellent firmness, lower chill (450 hours), excellent flavour

Red Rage

Fruit Type: Nectarine Yellow - Classic

Target size: 67mm

Brix: 12%

Colour: Full deep red colour.

Pieces per lateral: 2 pieces.

Crop kg/tree: 15-18kg/tree.

Chilling requirements: 500 hours

Comments:

- Will achieve large fruit size.
- Average cropping variety.
- Colour development not genetic.

Post-harvest notes:

- Crash-cool as quickly as possible.
- Will carry acidity due to being a 'Classic' variety.
